### Data

**Data available:** No

### Additional Information

**Explanation for why data not available:** As part of the NCI-funded PROSPR METRICS Consortium, we have a mechanism to receive, review, and approve data sharing requests. Data will be made available to researchers with adequate resources to cover the regulatory and data sharing costs. Data will be made available after approval of a concept proposal aligned with current data approvals, and with a signed data access agreement. Please email the corresponding author to initiate a request.
