

Data Sharing Statement

Jenkins. Variation in HIV Transmission Behaviors Among People Who Use Drugs in Rural US Communities. *JAMA Netw Open*. Published online August 21, 2023. doi:10.1001/jamanetworkopen.2023.30225

Data

Data available: Yes

Data types: Deidentified participant data, Data dictionary

How to access data: The data from all sites were consolidated by a NIH/NIDA-funded Data Coordinating Center which has created a cleaned, de-identified data set (from which these analyses were performed). Investigators interested in accessing data sharing may contact the Data Coordinating Center at ruralopioids@uw.edu.

When available: beginning date: 06-01-2022

Supporting Documents

Document types: None

Additional Information

Who can access the data: Researchers whose proposed use of the data has been approved.

Types of analyses: Any analysis.

Mechanisms of data availability: After approval of a proposal.
